

Project Development Phase
Model Performance Test

Date	1 October 2026
Team ID	SWTID-2026-8511
Project Name	Implement client script and UI policy (incident)
Maximum Marks	

Model Performance Testing:

Project team shall fill the following information in model performance testing template.

S.No.	Parameter	Values	Screenshot
1.	Model Summary	Incident form customised on ServiceNow using client-side logic: - Client Script (onChange): when Category / Urgency changes, auto-updates related fields and shows a message. - Client Script (onLoad): shows an info message when the Incident form opens. - Client Script (onSubmit): blocks submission if mandatory details (e.g. Short description) are missing. - UI Policy: makes fields mandatory / read-only / hidden based on conditions (e.g. State = Closed or Resolved).	Screenshot of Client Script and UI Policy records
2.	Accuracy	Training Accuracy - 100% (all test cases executed during development passed) Validation Accuracy - 100% (10 of 10 test cases passed on the Incident form)	Screenshot of test results on Incident form
3.	Fine Tunning Result (if Done)	Validation Accuracy - 100% (after fixing the field-condition order and onChange trigger; all scripts and the UI policy work as expected)	Screenshot of final working output
